Meet the Explorer Video Script
Scene 7.2: *Meet Ami Vitale*

Ami Vitale: When I first started out, it really was about creating beautiful images. Who doesn't want that? If you go to any of these places, there's so much more than that. Photography was a tool for me, at first, to explore and get to know other cultures. And then I realized that you can go and take pretty pictures anywhere, but what does it mean? There has to be a meaning. I mean I'm barging into people's lives and I want something to come out of it. It's all about creating awareness, and doing justice to the people and their story. There's so much more to people's lives. I think that stories of love and empathy are starting to see the light of day.
