Impact 4
Unit 4
Meet the Explorer Video Script
Scene 4.2: *Meet Jack Johnson*

Jack Johnson: Yeah…how're you guys doing? It's nice to feel like you're making the industry that you're a part of a little more responsible.

Man: Having grown up here, many people that are from Hawaii have this sense of *kuleana*, or responsibility, to making this a better place. Jack embodies that responsibility.

Jack: Whatever industry I was going to be part of, you kind of want to make that industry run the way it should, or the way that you see it should, and try to be responsible with this. The thing that really made me even want to tour again was this idea of working with this network of nonprofit groups that we'd met over the years. Then we said, well, let's go back out and visit all those friends, and kind of do fundraisers for all these different groups, and have that feeling every night of gathering people, and feel like you're community building, having a positive impact on the place that you're at. I think that I'm so happy now. And I think this is a better you.
