

This checklist provides suggestions to ensure you're prepared and confident using NGL course materials with the Online Practice platform on the first day of class.

SET UP A COURSE

- [Review the teacher platform navigation guide](#)
- [Log in to the platform](#) and create a course
NOTE: Select "Assigned Content Only" during course creation for the best user experience.
- Create Online Practice assignments for students
- Plan live lessons with the Classroom Presentation Tool

BECOME A PLATFORM EXPERT

- [Visit the on-demand training video library](#)
- [Watch recorded global webinars](#)

ENSURE STUDENT SUCCESS ON THE FIRST DAY OF CLASS

- Make a plan to help students register and log in during class
- Mention the platform in the course syllabus alongside other course materials
- Download & share student registration instructions
 - [Student Quick Start guide](#)
 - Generate a student self-registration guide from the platform to give students direct access to your course and avoid common errors such as typos
**not available if your school has integrated Online Practice with your Learning Management System*
- Encourage students to download the mobile app
**not available if your school has integrated Online Practice with your Learning Management System*
- Share the [help site URL](#) with students to access video tutorials

GET SUPPORT
