We bring the world to the classroom and the classroom to life.

We create English programs that are inspiring, real, and relevant. Students learn their world by experiencing it through the stories, ideas, photography, and video of National Geographic and TED.

Because we teach English—and we teach the world.

“The moments that I really feel resonate, you cannot art direct. They’re real. They’re more subtle and more beautiful and more universal than a posed picture.”

Annie Griffiths - Photographer
We teach English and the world.

Our goal is to help learners experience the world through authentic global content. We believe that you can’t understand the world if you don’t experience it.

We want each learner to find their own voice in English, to help them achieve their goals in life, whatever they may be.

The whole world, the real world
The world is an incredible place that needs no embellishment or substitutes. It inspires curiosity and motivates learning.

Real people, real places
Our learning programs help learners to celebrate their own cultures and everyday lives, while also learning about those of others.

Real stories
Learners experience the world through fascinating stories, including those of National Geographic Explorers, and through powerful ideas from TED.

“Showing those things that connect us, those are the stories I want to find. They’re everywhere.”
Ami Vitale - Photographer

We bring learning to life.

We bring the English teaching world together through live and virtual activities, designed to build community and give voice to educators from across the planet.

We design them to be inspiring, energizing, and rewarding, and to help you bring the world to your classroom.

Academic Services
We provide training and professional development services that support classroom instruction, both face-to-face and online.

Educational Events
We create opportunities for educators to meet face-to-face and online with Explorers, photographers, experts in English language teaching, and with their peers.

Stay Connected
We encourage educators to share their experiences with us and the world through social engagement, video, and special projects.

“You’re going to look good if you have something interesting to say.”

Lisa Bu - TED Speaker

SEE THE WORLD UP CLOSE
Real-world Video lessons help you show very young learners the world up close, and promote meaningful language connections.

With end-of-unit Projects, learners interact with the world directly and are encouraged to create something and show what they are learning.
The NATIONAL GEOGRAPHIC PHOTO ARK was founded by National Geographic photographer Joel Sartore to raise awareness of endangered animals in zoos and wildlife parks. Joel wants people to care for, fall in love with, and take action to help save these animals.

LEARNERS WILL EXPERIENCE THE PHOTO ARK IN LOOK AND SEE THROUGH:
- Letters and sounds presentation
- An ABC poster

A portion of the sales of Look and See supports the Photo Ark

STUDENT’S APP COMING MAY 2020
NEW

Reach Higher guides students to learn English, learn about the world, and learn about themselves through authentic content with a global perspective.

Primary students develop the academic language skills and content knowledge they need to get an education in English.

Cross-curricular, six-level program showcases original fiction, science, and social studies content to develop English literacy skills.

Academic skill-building with phonics support develops students’ understanding of different cultures while fostering independent learning.

All-in-one Classroom Presentation Tool provides the resources teachers need to prepare for, address, and assess a comprehensive range of instructional priorities and requirements.

Read on Your Own phonics readers use fiction and non-fiction texts to reinforce the phonics and high-frequency words in Reach Higher through science and social studies content.

ACADEMIC LANGUAGE, LITERACY, AND CONTENT FOR AN EDUCATION IN ENGLISH

6 Levels

Up to 15 Teaching Hours/Week

For more information about leveling for this program, including Common Core State Standards and Lexiles, please visit ELTNGL.com/ReachHigherSeries

Supports widely used curricula, including Common Core State Standards
CONTENT
PREPARES STUDENTS TO WORK WITH ACADEMIC CONTENT AREAS INDEPENDENTLY
Reach Higher uses National Geographic science and social studies content and authentic literature to build content knowledge and develop English literacy. Learning about a Big Question, students work with the content to develop critical-thinking, problem-solving, and analytical skills needed to succeed in their academic studies.

New reading selections help students to learn about the world, and learn about themselves through authentic content with a global perspective.

High-utility content and academic vocabulary are introduced through text and visual support to make them accessible to learners.

LANGUAGE LITERACY CONTENT
LITERACY
TEXT-CENTERED ACTIVITIES DEVELOP STUDENTS’ ABILITY TO EXPRESS IDEAS AND BUILD CONFIDENCE AS SPEAKERS AND WRITERS
Reach Higher provides students with the skills and strategies to understand stories and literature, and to work with more complex texts that include facts and background knowledge in the subject areas of science and social studies.

Thinking Map pre-teaches text analysis skills and text structure to support reading comprehension and develop literacy.

Reading Strategy teaches students how to approach a new text and develop comprehension in a systematic way.

An extended Writing Project allows students to respond to the texts, confirm comprehension, and engage in deeper analysis of the unit’s topic.

LANGUAGE
PROVIDES ENGLISH LANGUAGE LEARNERS WITH AN INTERACTIVE ENVIRONMENT TO ACQUIRE, EXPAND, AND PRACTICE LANGUAGE
Reach Higher teaches the language students need — vocabulary, phonics, reading, writing, and conversations — to work with authentic academic content in English.

Language Focus and Academic Vocabulary present and practice language needed to study in an academic setting.

Integrated Phonics Focus teaches students the sounds of English and supports them with contextual practice.

For additional phonics practice go to pages 54-55 to learn about Read on Your Own phonics readers.
TEACHING SUPPORT

CLASSROOM PRESENTATION TOOL. for each level provides all-in-one support for teaching.

All-in-one Classroom Presentation Tool for each level provides teachers with everything they need to prepare for, address, and assess a comprehensive range of instructional priorities and requirements in and out of the classroom.

- The full content of this Student’s Book, Practice Book, and Teacher’s Book, including audio recordings
- Extra on-page language support and resources include extra class activities and teaching materials, games, and teaching tips
- Interactive and animated content helps teachers to present and practice learning goals in a fun and focused way
- Additional teaching resources, which include materials for speaking, phonics and writing, Lesson Plans, Pacing Guides, and materials for assessment

TEACHER’S BOOKS make it easy to prepare and deliver lessons.

The Reach Higher Teacher’s Book helps teachers plan and deliver their lessons according to the number of in-class hours. A streamlined, step-by-step instructional approach focuses on the Student’s Book, with optional extension activities.

- Two page lessons with teaching instructions and support make it easy to prepare and teach the program
- Clear, step-by-step procedures and instructions for every activity allow teachers to focus more on teaching than preparation
- Instructional routines for writing, vocabulary, and cooperative learning help teachers develop a range of teaching techniques and set clear classroom expectations
- Multi-level strategies allow students at different levels of English proficiency to take part in meaningful ways with increasing independence
- Extension activities provide additional support for vocabulary, literacy, listening, speaking, writing, and test-taking strategies

Join Dr. Joan Kang Shin, a trainer of young learner teachers in over 100 countries, and a Welcome to Our World, Explore Our World, and Our World Series Editor, as she explores ideas, tips, and tricks for teaching English to young and very young learners.

Using short videos, presentation materials, and simplified teaching routines, with examples from real classrooms and interviews with real teachers, the Our World Professional Development site covers important topics for the preprimary and primary classroom, such as:

- Teaching reading and writing NEW!
- Teaching grammar and vocabulary NEW!
- Using songs, games, and puppets
- Planning successful lessons
- Managing classrooms
- Telling stories and managing projects
- Using video and technology
- Practicing 21st century skills

Teaching Young Learners English focuses on teaching English as a foreign language to children aged 7-12. It presents foundational concepts, best practices, and practical suggestions on how to develop lessons and activities for the energetic and curious minds of young learners in the 21st century classroom.

Teaching Young Learners English also features perspectives and suggestions from practicing teachers around the world, and can be used as a basic text for prospective teachers or as a professional development tool for teachers and administrators wishing to develop the knowledge and skills to teach English to young learners.

- Topics include lesson planning, classroom management, assessment, and on-going professional development.
- Teacher to Teacher sections in each chapter include real teachers from all over the world expressing their views on that topic.
- Each chapter includes a list of useful publications, references, and websites for further study.

EXPLORE THE WORLD IN ENGLISH

Time Zones uses authentic stories to motivate learning and encourage active engagement and communication in the classroom.

Each unit of Time Zones introduces new information about real people and places, the natural world, history and culture, and science and technology to help learners develop key competencies, including global awareness and critical thinking.

Teacher-tested language instruction and frequent practice opportunities prepare learners to consider their own experiences through projects and open-ended discussions in English.

THE REAL WORLD
Real World lessons now use short videos to help teenage learners go deeper into the unit’s theme and make personal connections with high-interest, global topics.

TIME ZONES STARTER COMBO
The updated Starter Combo level includes six units of instruction with Workbook pages to help beginner students develop the language and skills they need to express themselves confidently in the classroom.
TEACH FOR SUCCESS

Time Zones helps teachers and learners achieve success, for wherever they’re going next.

- Carefully scaffolded language lessons and frequent practice activities build students’ confidence to share what they know about the world in English.

Perspectives is a four-level series in American and British English that teaches learners to think critically and to develop the language skills they need to find their own voice in English.

The carefully-guided language lessons, real-world stories, and TED Talks motivate learners to think creatively and communicate effectively.

Every unit explores one idea from different perspectives, giving learners opportunities for practicing language as they look at the world in new ways.

Students learn the critical thinking skills and strategies they need to evaluate new information and develop their own opinions and ideas.

Students respond to the unit theme and express their own ideas confidently in English.

Exam-style task types and test-taking strategies prepare students for a range of international exams.
