#### Phrasal Verbs

When you use phrasal verbs, remember that some phrasal verbs cannot be separated. You keep the parts of the phrasal verbs together when you say or write them. Then you say or write the object of the sentence, i.e. the thing or person that the phrasal verb is referring to.

Other phrasal verbs can be separated. You can write or say the object of the phrasal verb between the verb and the word that comes after the verb.
