

Bring the World to the Classroom and the Classroom to Life with Summer Schools titles from National Geographic Learning

Voices (16+)

Voices is our newest seven level Adult General English programme, which would work perfectly for your **16+ summer school** classes. With a unique focus on **intercultural communication**, it not just teaches the language, but also the **skills needed to communicate**. With a true focus on **global communication**, it allows your students to celebrate their **culture and background**, whilst discovering their own voice in English.
